| Item | Description |
|---------------------------|--|
| Type | 2 Wheeled Bin Frames |
| Ideal Applications | <ul style="list-style-type: none"> Bin Security Raise profile of Recycling Enhance Waste Segregation |
| Ideal Environments | <ul style="list-style-type: none"> Public Parks & Spaces Social Housing Recycling Facilities Private Housing Community Housing Community Bring Sites Waste Collection Facilities Town/City Centres |
| Summary | <p>Within the Taylor Secure-a-Bin Range our new 2 Wheeled Bin Frames allow operators, collectors and local authorities to secure single or multiple bins at designated locations. A modular design allows for expansion of the system to accommodate additional bin frames in the future. With minimal groundworks a single bin frame can be installed in under 2 hours (approx.). Each Bin frame has a locking facility which allows bin crews easy access to the bin for emptying purposes. In addition each bin frame can accommodate signage, which can be customised to suit the client's requirements.</p> |
| Taylor Standards | <ul style="list-style-type: none"> Single locking facility Can accommodate all size of 2 wheeled plastic bin (from 120l to 360l) Secure bin retention mechanism Rear signage panel Base plate for direct fitting to concrete Base compatible with standard size concrete slabs Fully Galvanised frame structure |
| Logo/Vinyl | <ul style="list-style-type: none"> Logo options for rear signage panels |
| Finish | <ul style="list-style-type: none"> Fully Galvanised Frame |
| Sample Photographs | <div style="display: flex; justify-content: space-around;"> <div style="text-align: center;">  <p>Above photo show bin with lid locked down for use with appetite lids, (Bin not included).</p> </div> <div style="text-align: center;">  <p>Above photo show bins with lid retention arm, securing the bin by the handle and allowing the lid to open at an agreed height. (Bin not included).</p> </div> </div> |
